Applicant								
volvo Lastvagnar AB et al .								
 This report is the international preliminary examination report, established by this International Preliminary Examining Authority under Article 35 and transmitted to the applicant according to Article 36. 								
2. This REPORT consists of a total of 3 sheets, including this cover sheet.								
3. This report is also accompanied by ANNEXES, comprising:								
a. (sent to the applicant and to the International Bureau) a total of sheets, as follows:								
sheets of the description, claims and/or drawings which have been amended and are the basis of this report and/or sheets containing rectifications authorized by this Authority (see Rule 70.16 and Section 607 of the Administrative Instructions).								
sheets which supersede earlier sheets, but which this Authority considers contain an amendment that goes beyond the disclosure in the international application as filed, as indicated in item 4 of Box No. I and the								
Supplementa	l Box.							
b (sent to the Internati	onal Bureau only) a total of	(indicate type and r	number of electronic carrier(s))					
readable form only	, containing a sequence listing and/or tables related thereto, in computer							
readable form only, as indicated in the Supplemental Box Relating to Sequence Listing (see Section 802 of the Administrative Instructions).								
4. This report contains indications r	elating to the following iten	ns:						
Box No. I Basis of	of the report							
Box No. II Priorit	Box No. II Priority							
Box No. III Non-ea	Box No. III Non-establishment of opinion with regard to novelty, inventive step and industrial applicability							
Box No. IV Lack o	Box No. IV Lack of unity of invention							
Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement								
Box No. VI Certain documents cited								
Box No. VII Certain	Box No. VII Certain defects in the international application							
Box No. VIII Certain observations on the international application								
Date of submission of the demand		Date of completion	of this report

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/SE2003/002059

Box	No. I	Basis of the report						
1.	With rotherw	egard to the language, this report is based on the international application in the language in which it was filed, unless ise indicated under this item.						
		This report is based on a translation from the original language into the following language , which is the language of a translation furnished for the purposes of:						
l		international search (under Rules 12.3 and 23.1(b))						
]		publication of the international application (under Rule 12.4)						
		international preliminary examination (under Rules 55.2 and/or 55.3)						
2.	furnish	With regard to the elements of the international application, this report is based on (replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report):						
	\boxtimes	the international application as originally filed/furnished						
		the description:						
İ		pages as originally filed/furnished						
		pages* received by this Authority on						
	_	pages* received by this Authority on						
	Ш	the claims:						
		pages as originally filed/furnished						
		pages* as amended (together with any statement) under Article 19 pages* received by this Authority on						
		pages* received by this Authority on						
		the drawings:						
ļ	لـــا							
		pages as originally filed/furnished pages* received by this Authority on						
1		pages* received by this Authority on						
		a sequence listing and/or any related table(s) - see Supplemental Box Relating to Sequence Listing.						
3.		The amendments have resulted in the cancellation of:						
1		the description, pages						
İ								
ł		the drawings about /5						
•								
1		the sequence listing (specify):						
İ	any table(s) related to the sequence listing (specify):							
4.		This report has been established as if (some of) the amendments annexed to this report and listed below had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rul 70.2(c)).						
1		the description, pages						
		the claims, Nos.						
		the drawings, sheets/figs						
	the sequence listing (specify):							
		any table(s) related to the sequence listing (specify):						
	* If item 4 applies, some or all of those sheets may be marked "superseded."							

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/SE2003/002059

Box No. V Reasoned statement under Article citations and explanations support			35(2) with regard to novelty, inventive step or industrial applicability; ting such statement		
1. Statemen	t				
Nove	elty (N)	Claims Claims	1 - 4	YES NO	
Inver	ntive step (IS)	Claims Claims	1 - 4	YES NO	
Indu	strial applicability (IA)	Claims Claims	1 - 4	YES NO	

2. Citations and explanations (Rule 70.7)

The documents cited in the International Search Report represent the prior art. The claimed invention stated in claims 1-4 is not anticipated by these documents. None of the documents or any relevant combination of them reveals a method of regulating and a vehicle with an engine utilizing said method as described by these claims.

According to the arguments stated above, the invention claimed in claims 1 - 4 is novel and considered to involve an inventive step. The industrial applicability of the claimed invention is obvious.
